

Abstract Submission Guidelines

We sincerely thank you for your interest and effort to submit your abstract to the IDWW-ANMA 2025 Congress. Your contribution is highly valued and plays a vital role in enriching the scientific program of this prestigious event.

Participants of Poster Session can submit more than 1 (one) abstract. The Scientific Committee will only accept the original scientific material which has not been presented/published before, therefore, abstracts which have already been published/presented at regional or national scientific event / congress would not be accepted and will be excluded.

All abstracts must be submitted by August 10, 2025, via the congress website.

Review Process

- All submitted abstracts will be reviewed by the Scientific Program Committee of the IDWW-ANMA 2025.
- The results of the review process will be communicated via email. The final decision on presentation type (oral or poster) will be made by the Scientific Committee.

Confirmation of Submission:

- An automatic confirmation of receipt will be sent to the submitter, presenting author, and corresponding author upon submission.
- Please ensure that correct contact details are provided to receive important information.

Registration Requirement

- All participants must be registered for the congress if the paper is accepted. If the registration fee of the presenting author is not received by the given deadline, his / her paper will be considered as being withdrawn.

Guidelines for Abstract Preparation:

1. Language:

- Abstracts must be submitted in English.

2. Word Limit:

- The abstract text should not exceed 300 words.

3. Content:

- The abstract should be as informative as possible, covering key details of the research or case report.
- A title that clearly indicates the nature of the investigation needs to be provided, with maximal of 15 words.
- The authors' names (first names, family names) and places of work (Affiliation, city, country) must be written without degrees.

For Research:

- The background, objectives, methods, results, and conclusions of the research must be included.

For Case Reports:

- The abstract must include an introduction, case report details, and a discussion.

4. Presentation Types:

- Abstracts will be considered for either oral presentations or poster exhibitions.
